☞ **Social Determinants of Health**

A circular diagram with a central purple heart containing two hands shaking. Surrounding the heart are ten segments, each with an icon representing a social determinant of health: a wine glass, a car, a person running, a person with a speech bubble, a house, a sun, a person with a speech bubble, a person with a speech bubble, a person with a speech bubble, and a person with a speech bubble. The top-left segment is highlighted in orange.

# Review Past SDOH

Go to the Social History activity to review the patient's past responses to the SDOH assessments. Expand each domain to see a timeline of the patient's past risk classifications for the domain. You can also click a domain name to document new responses.

The screenshot shows a web application interface for "Social History". The top navigation bar includes tabs for "SnapShot", "Chart Review", "Results Review", "Flowsheets", "Problem List", "Medications", "Social History" (which is active), "Histories", and "Face Sheet". Below the navigation bar, there is a "History" section with a sidebar on the left listing categories: "SOCIAL HISTORY", "Substance Use", "Sexual Activity", "Socioeconomic", "Social Determinants" (selected), and "Social Documentation". The main content area is titled "Review Social Determinants" and displays a list of "Social Determinants of Health" for "Jun 30 2020". The list is organized into two columns and includes expand/collapse icons for each item.

Domain	Risk Classification
<b>Social Determinants of Health</b>	
Tobacco Use	Low Risk
Financial Resource Strain	Medium Risk
Transportation Needs	Unmet Transportation Needs
Stress	Stress Concern Present
Intimate Partner Violence	Not At Risk
Housing Stability	High Risk
Alcohol Use	Not At Risk
Food Insecurity	Food Insecurity Present
Physical Activity	Sufficiently Active
Social Connections	Not Isolated
Depression	Not at risk

# New Look for Site Verification

The Site Verification activity has a new look to help make it easier for you to complete site verification. You now just need to click **Acknowledge & Verify** instead of having to select a check box and click a separate button (A). You can also sort on the list of users and providers and see their email addresses (B).

# New Look for Site Verification

Users must now click a Copy site address button to copy the site address information for a new user. Previously, a check box was selected by default to copy the site address information, which meant that community users didn't have to make an extra click if they wanted to use the site address.

If you need to create a new site with multiple users...
