

THE TRANSFORMATIONAL LEADER

Are you ready for your leadership to evolve?

The Transformational Leader: Pillars for Clinical Leadership (TL) is a 6-month training and coaching program designed for our network's Associate Medical Directors. TL offers a learning cooperative for you to enhance your capacity to motivate teams to adapt nimbly to rapid changes, influence executive strategy and financial decisions, communicate with empathy and clarity, and maintain boundaries to sustain yourself. It is our intention that you finish the program feeling more confident, more connected to your peers, and re-energized by your service.

Transformational Leader Pillars:

Peer Network

Create an engaging learning cooperative with Associate Medical Directors from across the network. Share best practices, and offer and receive support from colleagues who understand your role.

Workshops

Interactive trainings led by experienced nonprofit healthcare leadership facilitators on core leadership topics such as change management, finance and budgeting, influence, and more.

Executive Coaching

Select from vetted coaches from healthcare and medicine for 1:1 developmental support. Incorporate 360-review findings and leadership style assessment results to design a professional growth path.
