

COMMUNITY HEALTH CENTERS AT A GLANCE 2024

Health Center Patient Demographics

Who We Are:

The Alameda Health Consortium (AHC) is a regional association of eight federally qualified health centers (FQHCs) with over 105 clinic sites and 17 mobile units, collectively serving almost 200,000 patients in Alameda County and over 290,000 across the East Bay. Together, we advocate for high-quality healthcare for the medically underserved in the East Bay; share best practices to sustain, expand and diversify our community's safety-net healthcare workforce; and collaborate as thought partners with policymakers to inform, shape, and implement health policy changes.
