

New CalFresh Work and Community Engagement Requirements Start June 1, 2026

What are the new requirements?

Starting **June 1, 2026**, you may have to work or participate in a community engagement activity to keep getting CalFresh if you:

- Are between the ages of 18 and 64, and
- Do not have a disability.

This is called the **Able-Bodied Adults Without Dependents (ABAWD)** rule.

If these requirements apply to you, then you are limited to receiving 3 months of CalFresh every 36-months (3 years). To continue getting CalFresh, you will need to work or participate in a community engagement activity or be excused.

What are work and community engagement activities?

If you are not excused from these requirements, you will need to **work or participate in a community engagement activity** for a combined total of **20 hours per week, or an average of 80 hours per month**, to keep your CalFresh benefits.

Work and community engagement activities include, but are not limited to:

- Working (including self-employment) or earning \$217.50 per week before taxes
- Going to school (student eligibility rules may apply) or training
- Participating in an Employment and Training Program
- Volunteering, doing community service, or in-kind work (trading work for something else, such as reduced housing costs)

You can do any of these types of activities alone or combined to meet the 20 hours, or an average of 80 hours per month.
